Github: https://github.com/Sudhakaricl

OBJECTIVES:

To work in an innovative and challenging environment equipped with expert personals and modern technology that improves my skills and knowledge.

TECHNICALSKILLS

- ➢ Operating system   : Windows 7,8,10
- ➢ System skills   : MS Office
- ➢ Programming   : Java, Python.
- ➢ Web Technology   : HTML, CSS, JavaScript, Wordpress.
- ➢ Frameworks   : React js , Node js , Django.
- ➢ Database   : Mysql, MongoDb.

PROJECTS:

1.Ecommerce Store:

Platform: WordPress

Description: Developed an eCommerce store using WordPress, implementing online shopping features, payment gateways, and product catalog management. Focused on creating a user-friendly interface and ensuring responsive design.

2.Call Management System:

Framework: Django

Technology: HTML, CSS, JavaScript

Backend: MongoDB.

Description: Built a Call Management System using Django, enabling efficient call tracking, logging, and customer data management. Focused on creating a streamlined user interface and integrating features like call history, call status updates, and reporting.

3. Calculator :

Technology: HTML, CSS, JavaScript

Description: Developed a functional calculator using JavaScript, implementing basic arithmetic operations and a responsive interface. Focused on clean code structure and user-friendly design.

4. Static Website Development

    GitHub: https://sudhakaricl.github.io/dom/

    Description: Created a responsive static website to showcase my projects and skills using HTML, CSS. Designed a user-friendly interface with clear navigation, enhancing the overall user experience. Hosted the website on GitHub Pages, demonstrating proficiency in version control and deployment.

ACADEMICACTIVITIES:

- ➤ Participation certificate for one day workshop in **Android** in K.S.R.Polytechnic College.

- ➤ Presented a paper on "**BLUEBRAIN**" in state level technical symposium conducted at SSM Polytechnic College during the year 2019.

CERTIFICTES:

- ➤ I had successfully completed the beginner **JAVASCRIPT** course, demonstrating proficiency in fundamental programming concepts.
  https://api2.sololearn.com/v2/certificates/CC-EYV86DTS/image/png

- ➤ Certificate of Participation in Engineering Day Issued by **IMAGECON** on 15.08.2024.

STRENGTH:

- ➤ Time Management
- ➤ Leadership.
- ➤ Quick Learning.

EDUCATIONAL QUALIFICATIONS:

    Graduation   : Bachelor Of Engineering in Government College of Engineering, Erode with CGPA 7.75 upto 6th Semester.

    Diploma   : Diploma in Computer Science Engineering in K.S.R Polytechnic College with along 92%.

    SSLC   : S.R.K Matriculation School, Pallakapalayam with an aggregate of 95%.

I Here By declare that the information furnished above is true to the best of my knowledge.
